LINEA **LEADER**

EVOT3+

LEADER RUN

EVOT3+

The EVOT3+ is a robust and reliable professional treadmill that requires low maintenance. This treadmill features a central console that allows you to easily modify the speed and incline of the machine. As well as the return-to-calm function and the star/stop buttons.

There are two versions, choose the screen that best suits your needs:

- EVOT3+: With 21" DOT console.
- EVOT3TS+: 21" touchscreen display

DIMENSIONS

216 x 90 x 162 cm

MAXIMUM USER WEIGHT

182 kg

EMERGENCY BRAKE

Red button on the central panel and for extra safety a clip with red cord, which can be attached to clothing. In the event of an emergency stop, this clip, when attached to clothing, activates the emergency stop.

DAMPENING

Professional 12-point PULFLEXTM cushioning system (medically recommended to prevent ankle, knee and lower back injuries).

HEART RATE READING

Pulse sensors included in handlebars.

COMFORT AND EXTRAS

On the sides of the console there are two bottle racks and two trays, ideal for storing water bottles and mobile phones.

SPEED

1 - 20 km/h.

CONSOLE FUNCTIONS

Time, Date, Volume, Fan, Elapsed time, Distance (kilometres or miles), Calories, Speed, Incline, Heart rate, Start and Off.
